CLIENT BRIEF:

The client is a young Director of a renowned spice brand in India. At a very young age he has made a mark in the industry, becoming a fountain of inspiration to any aspiring businessmen. The brief provided by the client was to have an overall minimalistic modern-luxury residence which is non-cluttered as per the wish of his son who is in his early teen-age and ample of circulation space for his three-year old daughter to play freely in the house. In response to the judging criteria, the space designed is creative in terms of calculative planning for area distribution for each room designed according to its purpose and client's brief. The space has been designed to give the occupant visitor physical as well as mental experience of luxury yet very balanced out interior giving importance to India's local craftsmanship and social development, traditional hand-made decor accessories likes rugshave been specially ordered from Rajasthan giving the space feeling of self-empowerment just as the client himself!

Resaiki is committed to using the environment responsibly while offering innovative design solutions to its esteemed clients.

Project Team Detail

- CLIENTS NAME : Mrs & Mr. Singla
- PROJECT LOCATION : Ghaziabad City
- SITE AREA : 4000 sq ft

The interior architecture of the house has been re-designed according to Vastu-Shastra. Thus, creating the house more inclined to positive energy. Two houses have been merged together into one big apartment on the 10th floor. Making ample space for task dedicated to the rooms designed.

Inside the city of Ghaziabad, where people only understand bright flashy colors like Gold as Luxurious design. Residence designed here has neutral color palette, having just the basic tints and tones of neutral colours stands out in the midst of those bright colored "Designer Homes"!

**STRENGTH LIES
IN DIFFERENCES
NOT IN SIMILARITIES**

- Ar.Rakesh Pate

"It's impossible to go through a single day without encountering architecture. The built environment is entwined with every facet of our lives – from our work to our homes to our hobbies and social lives."

"Our opportunity, as designers, is to learn how to handle the complexity, rather than shy away from it, and to realize that the big art of design is to make complicated things simple."

- Tim Parsey
